June 19 2005

Dear Mr Meyers

This is to thank you for your letter of June 20 2005, by which you advised me that my petition for OMNI THRUSTER, 10/634.068, to be made special, was granted.

With all due respect, Mr Meyers, allow me to mention that, there were actually two petitions, to be made special on my letter of May 18 2005, the second one for Appl. # 10/459,823, dated 06/11/2003, title: "Auto Alarm to prevent collateral damages....", for which I see no mention made in your letter.

Additionally, I enclose herewith, for your easy reference, copy of a letter, dated December 12 2003, addressed to "Special Programs Examiner", in which both applications were mentioned and special consideration was requested.

This letter was never acknowledged or replied and obviously, never considered.

Concluding, I would much appreciate a short answer to the above, with the confirmation that my other pending application (The Bridge) , was also made special.

Very Respectfully Yours

Captain C.N. Colyvas

December 12 2003

Dear Mr Reese

I enclose herewith, copy of a Granted Domestic Priority petition, for a previous patent application of mine. (Appl. # 09/841,138).

Copy of the above, I included in the documents attached to two (2) new patent applications, I have submitted to USPTO, but their letter acknowledging receipt, does not mention anything about this priority.

I am sorry for this intrusion of your time, but I am not only "over 65", as the statement says but, next February 25th, will be my 90th birthday.

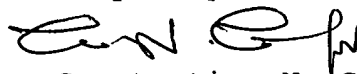

For the above reasons, I am respectfully requesting that, you please check and advise me that, this benefit of Domestic Priority, provided by law, has been granted to both pending applications, as I would like to be here, when the examiner's letters arrive and be able to answer them.

The two new applications are:

1. Appl. # 10/459,823 Filing date 06/11/2003
2. Appl. # 10/634/068 Filing Date 08/04/2003.

With the hope that you understand and appreciate my concern,

Very Respectfully
